## SPECIAL PROJECTS

### SANITARY PAD PROJECT

As part of the Earth Angels Welfare initiative to keep our girls in school, this was the 4th quarter distribution of 4th quarter sanitary pads to over 200 children who we have managed to keep in school for a year by providing them with sanitary pads. These girls are chosen from very vulnerable backgrounds, where they missed school because they couldn't afford to buy pads.

Apart from the girls in the slums in Githogoro, we have also been able to provide pads to 50 girls in the slums of Mathare who are also HIV positive.

### TEENAGE GIRL REHABILITATION

As part of the Earth Angels initiative to rehabilitate teenage mums, Earth Angels welfare managed to distribute clothes both for babies as well as for the teenage mums under our care.

Over a decade ago, the Earth Angel's first project started off in Mother Teresa Otiende, Nairobi, and over the years, your support has helped us grow to support schools, hospices, and homes all around Kenya, and it has not and will not stop there.

For every person, in every school, home, or hospice in every village, town, or city we spread our wings over, we are positively changing their life in one way or another.

Our aim here at the earth angels is not to change the world overnight but it is to change one person's world at a time, and thank you for helping us to do this.

# THANK YOU

What started out as a Christmas party at the Mother Teresa Otiende home has now grown to support over 30 homes and schools across Kenya through the year, and we are incredibly grateful that we have gotten to be a part of this journey and that we have been able to experience the happiness and joy firsthand and see how one day of being able to give our time can impact a single life.

Over the past 10 years, the Earth Angels' reach has grown tremendously; not only has the size of our team grown, but our children, families, and friends have been able to grow up surrounded by all the love and blessings from all the homes.

To us, the Earth Angels Campaign has become more than just a campaign; it has become a family-a family that is growing every day, and no matter how you have supported us, whether it be prayers, donations, or your time, you have become part of this family and will always be. You have helped us make so many lifelong memories, positive changes in people's lives, friendships that are so true and genuine, and moments that they will never ever forget, and we cannot thank you enough for that.

Thank you for all the smiles, the dances, the joy, and the love, and we can't wait to continue this for years and years to come

The Earth Angels Team.
